Carl & Pat Knudsen 914 Valley View Drive Glasgow MT 59230-1536

Craig & Lynette Ronzone and Carl & Pat Knudsen have submitted a land use license application in request for construction and placement of a shared deck/dock on the Clearwater River. for the purposes of recreational use and docking of small watercraft. The Clearwater River is a navigable waterway, the streambed of which is owned by the State of Montana and managed by the Department of Natural Resources and Conservation. The proposed project is located within Section 8, Township 15 North, Range 14 West, in the SW1/4 SE1/4. A map is attached.

The purpose of the deck/dock is for recreational use and docking of small watercraft. The current proposal is for the structure to extend 24-feet from the low water line into the river, ending with a deck of 10-feet by 20-feet. A drawing is attached.

This project requires additional multiple permits. In addition to a land use license from the Montana DNRC, a 310 permit from the Bitterroot Conservation District, is needed

The Department of Natural Resources and Conservation is required by the Montana Environmental Policy Act to assess potential impacts of proposed activities on state lands to the human and physical environment. Public comments on this project are being sought in order to complete that assessment.

Public comment will be taken for 14 days (through June 30th). This request for public comment is also being posted on the DNRC website at [http://www.dnrc.mt.gov/about\\_us/notices.asp](http://www.dnrc.mt.gov/about_us/notices.asp)

Comments may be submitted by email at [dboruch@mt.gov](mailto:dboruch@mt.gov). You may also mail written comments to SWLO-DNRC, Attn: Dana Boruch 1401 27th Avenue, Missoula MT 59804.
